

# HOW DEPED PREPARES FOR THE K TO 12 PROGRAM

In 2011, the **DepED** DEPARTMENT OF EDUCATION mandated the shift to a fresh learning scheme, the K to 12 program.

This move aims to enrich local education to keep it at par with global standards.

**Four** YEARS onwards.

Filipino students and parents

may yet know so little about it.

Since then, the Philippines' new basic education program has been getting negative reviews.

Citing the government's weakness and lack of enough planning, critics are now calling for the

This infographic will help you see the government's role in ensuring K-12's success.

## TO DATE, WHAT HAS DEPED ACCOMPLISHED AND PREPARED FOR K TO 12?

CLASSROOMS AND SCHOOLS

**66,813**

classrooms built between 2010 and 2013

CURRICULUM

How does the K-12 program differ from the old curriculum?

**STANDARDS BASED**

**COMPETENCE-BASED**

**DIGITIZED**

**ACCESSIBLE TO THE PUBLIC**

PRIVATE SENIOR HIGH SCHOOLS

**2,199**

private schools cleared

**200**

more private schools are being processed

to offer senior high school

Many students and parents raised questions about the new program and what follows are the ones critics often asked, along with DepEd's answers.

Is the country ready for **K to 12?**

states, "all 221 divisions have finished planning and have figures on enrolment a year in advance. These plans were reviewed by a separate team and finalized upon consultation with other stakeholders."

What will happen to the new curriculum? **DEPED HAS**

- (a) unlogged the new curriculum to help students gain field mastery and
- (b) strengthened the core subjects, Science, English, and Mathematics, in Grades 11 and 12.
